DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission, including amendments to claims and drawing replacement, filed on 4/9/04 has been entered.

Allowable Subject Matter

Claims 1-12 are allowed.

The following is an examiner's statement of reasons for allowance: a low pressure film-forming unit comprising: a division wall surrounding a lateral side and a lower side of a substrate support stage; an inert-gas supplying device for introducing an inert gas into a stage-side region surrounded by the division wall; and

a gap-forming member whose inner peripheral portion is arranged above a peripheral portion of substrate placed on the stage via a first gap and *whose outer peripheral portion is arranged above and overlapping the division wall via a second gap.*

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
